## Hypothesis:

Daniil Andreev -

From the age of fourteen to thirty, Jesus traveled in Iran and India where He was initiated into the deepest wisdom then possessed by humanity, only to far outstrip it.

В возрасте от четырнадцати до тридцати лет Иисус находился в Иране и Индии, где Он прошёл сквозь наиболее глубокую мудрость, достигнутую тогда человечеством, и оставил её далеко за Собою.

Philippe Nizier -

Christ did go to India, but He only passed there. He went around the earth.

Le Christ est bien allé aux Indes mais Il n'a fait qu'y passer. Il a fait le tour de la terre.

Jesus went to India at the age of 14 but **He didn't learn anything as they claim** because He knew everything.

Jésus est allé aux Indes à 14 ans mais Il n'a rien appris comme on le prétend car Il savait tout.

[Healer] Philippe Nizier -

“**Russia will restore its legitimate sovereign** and the **succession** of the Imperial Dynasty, that will lead it to great prosperity and peace. I will return as a child, and those who must recognize me will do so.”

«Россия восстановит свой законный суверенитет и **наследование** Императорской династии, которое выведет её к великому процветанию и миру. Я вернусь в образе ребёнка, и те, кто должны будут меня признать, сделают это.»

Daniil Andreev -

*The Rose of the World*

The country Russia has only been designated; **tragic events might still take place** that could **interfere with that mystical event** and force it to be relocated to another country.

The time the sixties has only been projected; **disastrous cataclysms might take place** that would **move the date far ahead into the future**.

**Perhaps, such a person will never come, or will come much later.** It is possible that a **collective of the worthiest**, and **not one single person**, will lead the Rose of the World. But if Providence **sends a person of such great spirit** to our century as it has sent them before, and **the forces of evil are unable to thwart his or her mission**, it will be the greatest of good fortune for the entire planet.

## The Orthodox Tsar of Russia

[Saint] Theodosius of Minvody -

They posed one more question to him on the possibility of the restoration of a monarchy in Russia. The elder replied that this restoration must be earned. It exists as a possibility, but not as something predetermined. **If we are worthy, the Russian people will elect a Tsar**, but this will become possible before the very enthronement of the Antichrist or even after it for a very short time.

[Eldress] Sepphora Klykovskaya -

<http://lychinka.ru/index.php/sobytiya/300-prorochestva-staritsy-sepfory>

**“But if the faith of the people increases, then the Lord will allow an Orthodox Tsar to reign in Russia.** The Tsar will become **the guarantor against Russia's entry** into the unified state of the Antichrist. And Russia will then be the only country that will not bow to the Antichrist..”

Blessed Joseph of Vatopedi -

After that the whole world will reach out to us. And in Russia will **gather three forces: communists, true democrats, orthodox patriots. By the grace of God, an Orthodox Tsar will be elected.**

После этого весь мир потянется к нам. А в России соберутся три силы — коммунисты, истинные демократы и православные патриоты. Милостью Божией будет избран православный царь.

Monk Abel, Vasily Vasilyev -

Russia will once again become a great country and will prosper like the heavenly Lily. The **heir to the last Tsar Nicholas II will rule during the rebirth of Russia**, and his name is **Michael**.

(Daniel 12:1)

[Seer] Rasputin -

Just as the Holy See of Rome will pass from Peter to Peter, the Holy See of St. Petersburg will also pass from Michael to Michael. The first Michael set up the throne, **and the last Michael will not have time to use it**, for everything will happen in a hurry: both life and death.

Как Святой Престол Римский перейдет от Петра к Петру, также и Святой Престол Петербургский перейдет от Михаила к Михаилу. Первый Михаил поставил трон, а последнему Михаилу не будет времени им воспользоваться, ибо все произойдет в спешке: и жизнь, и смерть.

[Seer] Mitar Tarabich -

In times of this great need, **out of the vast steppes of Russia will come a young man** named with the name **Michael** will come. He will have a bright face and the rest of his face will be lovely... But **he will go to the first church and ring the church bell there.**

In Zeiten dieser großen Not wird aus den weiten Steppen Russlands ein junger Mann kommen mit dem Namen Michael. Er wird ein helles Gesicht haben und der Rest seines Gesichtes wird lieblich sein... Er wird aber zur ersten Kirche gehen und dort an der Kirchenglocke läuten.

[Comment: [For further corroboration about the Supreme Precept becoming a Tsar of Russia and future King of Jerusalem, please refer to my Purifying Christianity project. I have omitted the above prophecies from that document.](#)]

---

Monk Abel -

His image will be sovereign and bright, and no one will say: "The Tsar here or there," but "it is he." The will of the people shall submit to God's mercy, and he himself shall **confirm his vocation...**

«Облик его будет державен и светел, и никто же речет: “Царь здесь или там”, но “это он”. Воля народная покорится милости Божией, и он сам подтвердит свое призвание.»

[Seer] Rasputin -

Are these righteous men in klobuks competing for the Patriarchal Throne? Anthony of Volyn, Sergius of Finland! Is this what they need to search for and point out? It is **necessary for everyone to be imbued with the Spirit and to point out the man themselves**: 'here is the Patriarch'.

But there is no such person, and you cannot invent him. You can select one by height, by eloquence, so that he is suitable for the government, but for the Patriarch to **cover the whole people with his spirit** and for **both the Orthodox and the non-believers to believe in him** — for this, **one must be born and grow up quietly and unnoticed**. для этого нужно родиться и тихо, незаметно вырасти.

## The Crippled One

[Emperor] Leo VI the Wise -

He will dispatch his Archangel in the form of a human being, and the Archangel will come to the islands. And the Archangel will find the holy man he is looking for, the **anointed one**, who is unseen by the men of the world and not recognized by one person: the healthy one and **at the same time the crippled one**, the leader and the first person ever to undertake a certain task and yet considered useful for nothing; the inexperienced one and yet very intelligent; **the one who is obscure and invisible to everyone else**, yet, **to God and to himself he is known**; the one **emanating from a lower class and of royal progeny simultaneously**, himself the son of a King and he, on his turn, the king of glory;”

Edvard Radzinsky -

*The Rasputin File*

As Count Nikolai Panin, Catherine's first foreign minister, had put it back in the 18th century, *‘Until the day a **crippled tsar** is born, we shall wait in vain for a change in*

*views.*' Nicholas wanted to be in harmony with society, the beloved society he loved.

Ivan Manasevich-Manuilov -

“At the end of 1916 in my and Vyubova’s presence, Rasputin assured his devotees that he had another five years left in the world [during which time, according to Vyubova, he had promised that the heir (Alexei) would finally ‘outgrow his illness’]... And then Rasputin would withdraw from the world and all those close to him to a remote place known only to him, where he would be saved by following an ascetic way of life.”

→ [Nov 3, 19] He was not of great build, he was not beautiful or toned as our society deems required by standards of unbelievable goals set by industries, he seemed young and yet had wisdom. What was more shocking is that **he was in a wheelchair** and I think stricken due to genetics as he said he knew what it was like to run and yet now can not etc, he spoke of coming **from a rich family** that then immigrated and **became poor** so he has experienced both sides of life.

→ [Jul 3, 22] Yes, he is still in a wheelchair, he can move his arms and legs though, I think it has something to do with that's **affecting his hips, lower back and shoulders** possibly!

→ [Sep 25, 22] Additionally, I can not explain his illness, he is in a wheelchair but he still can move his arms and legs. So he is **not paralyzed** but seems to have some sort of illness or weakness that doesn't permit him to walk...

→ [Dec 15, 22] **Infant-wise he was a late walker it seems**, what's interesting as I asked to observe his age of 10-15 I began to see him **not putting his feet fully on his heels**. So it is possible his condition began maybe constricting his leg muscles to the point he was being pulled off his heels?

#### **Assumptions:**

→ [Jan 15, 23] I think the Romanov's might have had re-occurring muscular dystrophy that popped up every couple of generations. I suspect Alexei had the same condition but a milder version of it. Also observing some old footage and the way he walked, plus how Rasputin [or **Andrey Derevenko?**] carried him.

→ [Oct 3, 24] His mother might have [had] tiny hemophilia, but the Tsar is not nearly as affected by it.

Isaiah 35:6-7 DRB Then shall the [**lame, limping man**] **leap like a deer**, and the tongue of the [**silenced, voiceless man**] shall be [singing/loosened], for waters are broken out in the desert, and streams in the wilderness. The [scorched land, mirage] shall become a pool, and the thirsty land [springs, fountains] of water.

#### **Transphysical Aspect:**

→ [May 29, 22] From what I observed he has been in a wheelchair since the age of 15

but his condition seemed to have started at 10, I **witnessed a shadowed hooded figure** in his room that **did something to his legs during a night** which I assume is what triggered the whatever illness that he is plagued by. His leg began to turn odd then the being vanished and the Tsar woke up in pain.

☞ [Dec 6, 22]

He will be wheelchair-bound right before he is revealed and is **healed in front of the people**, or he will remain wheelchair-bound through part of his rule before he is **healed by Raphael** or via a cure. I suspect the Tsar is in a wheelchair because of who he is, so a human body is not accustomed to such thing, or to be hidden, or to make people be in shock and awe that someone in a wheelchair could do what he will do, etc. Many factors and many reasons could be a part of it, but I did see him eventually walking and running. So I suspect he will be healed eventually.

☞ [Sep 2, 24] I actually saw him walking, with a bit of a limp thing as it seemed he was adjusting to walking again. He had a bag ready and he was heading out of the house, his parents were saying goodbye to him and that they'll wait for him to return, etc.

I saw the Tsar and his parents talking, he had a suitcase/large carry-on backpack packed and his parents gave him a key saying "You'll always have a key to return home here and we'll be waiting". They were sending him to safety out of the country that he is in, I will not disclose where exactly but I will say that he will be close enough to get to Russia with ease.

☞ [Jan 15, 23] The Tsar was given some sort of question, he was asked - "**Would you still do what needs to be done even if it meant you'd still be unable to walk?**" His reply was rather interesting - "**For this sickness or illness was meant to hide me and keep eyes off me, for I would not wish it upon anyone else in my family** or any children I might have. For I accept it and see it that if it is the will of The Creator and part of my mission then I will remain in this seat. For a ruler does not need to stand to change the world, and **Russia had another before me who made great change in the past and he too was unable to stand nor walk.**"

[In 1627, when age thirty, Tsar Mikhail Feodorovich was "**sorrowful in his feet**" «скорбел ножками» and "**carried to and from the carriage in armchairs**" «до возка и из возка в креслах носят».]

John 5:5 "A **certain man** was there, who **had his illness for thirty-eight years.**"

☞ [Nov 26, 21] The 2 boxers [Tsar and Antichrist] are here on Earth, **one is older than the other by 7 years.**

<https://web.archive.org/web/20231211030552/https://www.abovetopsecret.com/forum/thread1300435/pg1>

☞ [Mar 24, 22] By my estimations, the Tzar is 29, about to turn 30.

☞ [Aug 2, 20] Tzar was **about 35 or 36 when he was being crowned**, I believe it

means he was born in 1991 or 1992 definitely. No, Tzar **did not look like Jesus** so people of the Bible can relax, if in fact he is the future savior I will say this, that the world will be surprised.

→ [Nov 3, 19] He was not of great build, he was not beautiful or toned as our society deems required by standards of unbelievable goals set by industries, he seemed young and yet had wisdom.

→ [Jul 20, 25] Who do you think anoints a Tzar in Russia? It is done by an Orthodox Priest who is a monk that had a life closest to a Saint. I think it's like someone who had a [past] life and lived a life [in this life] that is similar to the Orthodox saints in Russia, and if it is so then he would be the one to anoint the Tzar as Tzar of Russia during the ceremony. So I would not be surprised if there are Saints involved in the blessing as well.

## The Tzar's Symbol

<https://www.abovetopsecret.com/forum/thread1304215/pg1>

→ [Jan 25, 22] The flag of Russia will change and it will bear huge spiritual significance and ooze real unification type of symbolism, I can not draw it for a specific reason but I can tell you somewhat how it will look like. It will be white or possibly green as the nation grows, there will either be vines or branches to **symbolize nature or rebirth**, in the middle it will have two intersecting V to form a **symbolism for the divine feminine and divine masculine**. Where they intercept within it will look as if the inner outline **forms a seed** or what looks like a spark of sort. I do not know why but it felt very pure when I looked at it, it felt almost as if divine or represented something holy...

→ [Mar 22, 22] When he will sit on the throne the **Kremlin will be repainted white**, the Russian flag will **either go to the imperial flag** or it will be a white flag with an insignia of some sort.

→ [Apr 6, 23] The **Crown** of Vines/Leaves, the Alpha and Omega unity, with the seed of mankind or the divine spark in the middle.

Isaiah 28:5 On that day the Lord of armies will become a beautiful **crown** and a [wreath, diadem] **of joy** to the remnant of his people;

[Seeress] Frau de Ferriem -

Look, a Catholic priest hands me a pretty **myrtle wreath**; look: **blooming myrtles**.

Sieh mal, ein katholischer Priester reicht mir einen hübschen Myrtenkranz; Sieh mal: Blühende Myrten.

## Duniushka of Siberia

[Seeress] Duniushka of Siberia -

**At the far end of Russia, there will be an enormous earthquake.** The waters will **break out of the ocean**, flooding the continent, and many nations will perish. Many diseases beyond understanding will appear.

"People will **become vegetarians**. By that time, many animals will have vanished. The **horse and the dog will only be seen in pictures**; and later – the cow, the goat, and the sheep will disappear forever from our planet."

Daniil Andreev -

*The Rose of the World*

[Prophecy] "In one hundred years people will have extraordinary friends who, thanks to human help, will have **shortened their allotted path to the span of a few generations** instead of a hundred thousand years."

Careful study will lead to the singling out of some species of predators that, like the dog and cat, can be reoriented. The next candidates for accelerated development will probably be elephants, bears, and, perhaps, some species of rodents.

Horses, which have progressed very far intellectually and are indubitably morally superior to cats and dogs, are endowed with an unfortunate feature, hooves, that prevents them from entering onto that path any time soon. The same is true of deer and buffalo.

<https://www.oocities.org/kitezgrad/prophets/duniushka.html> -

<https://dzen.ru/a/ZuvvON06D2QEfHAA>

Sometimes there would be moments when **Duniushka** would be inspired to "speak." Then she would become transformed, in full view of everyone: she would appear to grow taller; her cheeks would acquire a rosy hue; **her voice would sound loud and self-assured; her eyes would gleam unnaturally, illumining her entire face.** At such times, she would be listened to with bated breath...

**At first she would speak with a restrained voice**, with only the expression on her face changing; **gradually, she would grow ecstatic and her voice would grow stronger**, as she no longer restrained it – and quickly, very quickly, as though afraid that she might be stopped, she would continue hastily:

In the course of one of those centuries, Asia will bestir herself; she will try to penetrate into Europe, but her attempts will be futile. **All sects and religions will pour into Orthodoxy...** But Orthodoxy, and – **essentially speaking** – religion, will **draw closer to what it was in Apostolic times...**

**“In ‘Holy Rus’, a ‘Kniaz’ [князь; Duke] will reign, who will come from the nation that gave us our religion.** He will be a supremely spiritual

person, who will provide the opportunity for uplifting the moral fibre and the spiritual principles of the nation.”

[Seeress] Duniushka of Siberia -

In those centuries to come, **there will no longer be any tsars or korols** [kings].

[Seeress] Regina -

**King and emperor will disappear**, and another will lash the whip. **An iron crown** is for thee, German people, and it will press and weight heavily upon thee for many years to come. **Only long after will arise a new crown**, not of iron, nor gold or silver, **but of rays of light**. And a man is holding it, of supreme power, and then the German nation will be standing the test, not with weapons of iron or brass, but with deeds high and lofty.

Paul Schmidt -

When **Hitler** spoke about a matter of special importance his face became very expressive; his nostrils quivered as he described the dangers of Bolshevism for Europe. He emphasised his words with jerky, energetic gestures of his right hand, sometimes clenching his fist.

Christa Schroeder -

As soon as **Hitler** discussed Bolshevism in his speech, **excitement took possession of him**... His voice often changed... His voice swelled to the highest levels in such situations, it almost broke, and he gestured vividly with his hands. Redness rose in his face and his eyes glittered in anger.

As if glued to the spot, he then stopped, **as if he had the opponent in front of him**. Sobald er sich in seiner Rede mit dem Bolschewismus beschäftigte, nahm Erregung von ihm Besitz. Seine Stimme überschlug sich oft... Seine Stimme konnte in solchen Situationen bis zur höchsten Lautstärke anschwellen, sie überschlug sich quasi, und er gestikulierte dabei lebhaft mit den Händen. Röte stieg in sein Gesicht und zornig glänzten seine Augen. Wie angewurzelt blieb er dann stehen, so als habe er den betreffenden Gegner direkt vor sich.

Goebbels -

[April 27, 1942] Tagebücher (Diaries)

**Hitler** is in good shape, even if he **speaks somewhat hesitantly at first**. He explains to me after his speech that he was a bit dazed. The hard physical and mental exertions to which he had been subjected during the winter were noticeable. **But then he soon catches fire**. The first faltering is overcome; also **the somewhat rapid way of speaking**, which makes him slightly incomprehensible in the first passages, soon subsides, and now he gives the German people and the world an account of the past winter, which has a downright shattering effect.

Dannion Brinkley -

*Saved by the Light*

I could see areas of the world radiating energy, glowing like a radium watch face in the dark. Telepathically I could hear voices speaking of the need to clean up the environment.

**These voices came out of Russia at first**, but then the accents changed and I could tell that they were emanating from South America, probably from Uruguay or Paraguay. I saw the **speaker from Russia** as he talked with zeal about our need to heal the environment. People rallied around him quickly, and he soon became so powerful that he was elected ~~one of the leaders of the United Nations~~. I saw this Russian **riding on a white horse**, and I knew that his rise would come ~~before the year 2000~~.

Alfred North Whitehead -

Question: Where will the impetus for novel ideas come from?

Answer: **Russia is a possibility**. There is not much reason thus far to suppose that the impetus would come from South America. [May 9, 1944]

[Dream, Jul 5, 23] u/**LilCornandbeans**: <https://i.imgur.com/nKDQovV.png> - [https://old.reddit.com/r/Dreams/comments/14rk4ai/big\\_dreams/](https://old.reddit.com/r/Dreams/comments/14rk4ai/big_dreams/)

The feeling was apocalyptic, and there was war in the air. I saw the dream from up above. There was a herd of wild horses running seemingly from a catastrophe. They were all colors, brilliant and shining in the sun. Black ones, red ones... **but then came the white horse**. This horse was gigantic and shone like a blazing mirror. It was understood to me that this was the **horse of God**. But then a bomb exploded and the **white horse was covered in blood**. The sight of the blood against the pristine white coat was most jarring.

[Dream, Jul 5, 23] u/**LilCornandbeans**: <https://i.imgur.com/DgKr5p6.png> - [https://old.reddit.com/r/Dreams/comments/14rkfwx/big\\_dreams\\_full\\_of\\_meaning/](https://old.reddit.com/r/Dreams/comments/14rkfwx/big_dreams_full_of_meaning/)

I saw two people of the tribe come into the treeline. I understood this was a man and woman that was a couple, and soon to be married. Once they stepped into the forest line, they shape shifted into animals, and the most colorful ones at that. The woman turned into a horse, and the man a lion. **The Lion chased the Horse trying to devour it**. I understood that their marriage would be called off, because a horse cannot live with a lion.

Then the third person came into the trees, and it was a man who seemed very powerful yet lonely and quiet. He shape shifted into an Eagle. He spread his wings and it was the most beautiful and magical colors of wings, it's hard to describe the beauty. All of the tribe rejoiced and were dancing and happy, because they had been waiting for the Eagle for a long time. I understood this man was to be their new leader, because the Eagle was the ultimate animal one could change into.

When the man came out he told the shaman "If I had known I was going to turn into the Eagle, I would have went in with a little more bravado!" And he laughed. But the shaman said, "If you had gone into the forest like that, you would have not become the Eagle".
