Then the time will be ripe to speak a **new language**.

Brotherly love is a great medicine. God has his own Truth, different from human, but **the flame is one**.

Every person has a great medicine within himself, but the human animal will prefer to be treated with poisons.

Only the fruits collected by the previous generation will not contain death.

The first fruit is **peace of mind**, and it will grow at the very top of the tree. Then there will be the fruits of the joy of life, mental balance, physical health, unity with nature, sincere humility and simplicity of life.

The Rose of the World

"I believe that **serious investigation by researchers at the forefront of physiology and psychology into the large mass of apocalyptic literature**, the autobiographical testimony of ecclesiastical authors, religious figures who underwent like experiences, and the **unbiased study of material scattered throughout works on comparative religion** will, in time, **lead to the development of a scientific method** on the basis of which it will be **possible to lay the foundation for an epistemology** [[a study of knowledge](#)] of religious and, in particular, metahistorical knowledge."

Я полагаю, что серьёзное вникновение исследователей, стоящих на высоте современной **физиологии и психологии**, в огромную апокалиптическую литературу, в автобиографические свидетельства духовных авторов и некоторых религиозных деятелей, имевших опыт подобного рода, непредубеждённое изучение и обобщение материала, рассеянного в трудах по сравнительной религиологии, — всё это приведёт со временем к выработке научной методики, на основе которой удалось бы заложить фундамент **гносеологии** религиозного и, в частности, метаисторического познания.

Modern Visions:

Современные видения

Rasputin: «Человек станет хрупким как сухой лист, и кости его будут гнуться и трещать как сухие ветки. В это время земля будет родить лишь отравленную траву, а животные давать лишь отравленное мясо.»

A person will **become as fragile as a dry leaf, and his bones will bend and crack** like dry branches. At this time, the earth will produce only poisoned grass, and animals will produce only **poisoned meat**.

Interview with **Li Hongzhi**, founder of Falun Gong:

<https://time.com/archive/6954898/interview-with-li-hongzhi-2/>

Industry is creating invisible air pollution. The microparticles in the air harm human beings. The abnormality in the climate today is caused by that, and it cannot be remedied by humans alone. The **drinking water is polluted**. No matter how we try to purify it, it cannot return to its original purity. Modern science cannot determine the extent of the damage. The food we eat is the product of fertilized soil. The **meat we eat is affected**. I can foresee a future when **human limbs become deformed, the body's joints won't move** and internal organs will become dysfunctional. Modern science hasn't realized this yet.

Rasputin: «В это время будет всё меньше еды, поскольку всё станет ядом. Амбары будут полны, и будут течь струи прохладной воды, и деревья будут давать плоды; но кто съест этого зерна и кто выпьет воды, тот умрёт, и кто съест плодов умрёт. Лишь плоды, собранные предыдущим поколением не будут содержать смерти.»
At this time there will be less and less food because everything will become poison. The barns will be full, and streams of cool water will flow, and the trees will bear fruit; but whoever eats this grain and whoever drinks the water will die, and whoever eats the fruit

will die. **Only the fruits collected by the previous generation will not contain death.**

[Seer] Vlaicho Zhelev -

There will come a time when the vegetables will become more and more poisonous.

They grow in and near the ground. Fruits, in contrast, are high up and receive more sun. This is also the reason why the vegetables will be more contaminated.

Rasputin: «Яды обнимут Землю, как страстный любовник. И в смертельном объятии, небеса обретут дыхание смерти, а в источниках воды будут горьки, и многие из этих вод будут ядовитее гнилой змеиной крови. Люди будут умирать от воды и воздуха, но говорить будут, будто они умерли от сердца и почек.»

Poisons will embrace the Earth like a passionate lover. And in the embrace of death, the heavens will receive the breath of death, and the waters in the springs will be bitter, and many of these waters will be more poisonous than rotten snake blood. **People will die from water and air, but they will say that they died from the heart and kidneys...**

Nikola Tesla (scientist) -

My Inventions

But a few days later I learned that the cholera was raging in that district and, taking advantage of an opportunity, I returned to Gospic, Croatia in disregard of my parents' wishes. It is incredible how absolutely ignorant people were as to the causes of this scourge which visited the country in intervals of from fifteen to twenty years. They thought that the deadly agents were transmitted through the air and filled it with pungent odors and smoke. **In the meantime they drank the infected water and died in heaps.**

Rasputin: «По всему миру будут построены башни. И будет казаться, что в башнях будет обитать жизнь, в то время как они будут замками смерти. Иные из этих замков рухнут и из их ран вытечет гнилая кровь, которая заразит землю и небо. Поскольку сгустки заражённой крови, как хищники, обрушатся на наши головы. И множество сгустков упадёт на землю, и земля, где они упадут, станет пустынной на семь поколений.»

Towers will be built all over the world. And it will seem that the towers will be inhabited by life, while they will be **castles of death**. Some of these **castles will collapse** and rotten blood will flow from their wounds, which will infect the earth and sky. Because clots of infected blood, like predators, will fall on our heads. And many clots will fall to the ground, and the land where they fall will become deserted for seven generations.

[Probably **not Nuclear Facilities, Bunkers, and Skyscrapers?**]

John of Jerusalem -

The earth will quake in several places

And the cities will fall down

Everything that will have been built **without heeding the wise ones**

Will be endangered and destroyed

Mud will submerge towns

And **the ground will open under the Palaces.**

[Elder] Anthony the Russian -

<https://iconandlight.wordpress.com/2022/07/27/prophetic-visions-of-elder-anthony-the-russian-after-the-demonic-storm-there-will-come-a-divine-sunshine/>

These modern houses, **built on piles**, piercing the earth like arrows straight down to the Hellfire, will bring people an infernal death under the debris. Those who will survive shall envy those blessed with a quick death, since their fate shall be terrible – a slow torturous death from starvation and suffocation.

Rasputin: «Очень беседуй осторожно, а то будет эта твоя беседа на спине утешителя за то, что рассыпал жемчуг перед свиньями.»

Our enemies are preparing crowns. Woe to them that do not see themselves and forget God's mercy.

[Pope] John XXIII -

Great are the robberies. **False crowns are carried into large countries.** In the name of the nothingness born of evil, **kings and servile leaders are given to civilized peoples.** Groß sind die Raubzüge. Es werden falsche Kronen in große Länder getragen. Im Namen des aus dem Bösen geborenen Nichts werden den Kulturvölkern Könige und servile Führer gegeben.

Rasputin:

«Люди идут к катастрофе. Самые неумелые будут править повозкой. И в России, и во Франции, и в Италии и в иных местах... Человечество будет раздавлено поступью безумцев и негодяев. Мудрость закуют в цепи. Невежественный и властный будет диктовать законы мудрому и даже смиренному. А потом большая часть людей поверит во власть имущих, но разуверится в Боге...»

"People are heading towards disaster. The **most inept will drive the cart.** And in Russia, and in France, and in Italy and in other places... Humanity will be crushed by the steps of madmen and scoundrels. Wisdom will be shackled in chains. **The ignorant and powerful will dictate laws to the wise** and even the humble. And then most people will believe in those in power, but will lose faith in God..."

[Seer] "Johann Bernhard Rembold" (Spielbahn, minstrel) -

For this **headless people**, who washed their hands in heretic blood two centuries ago, will now rise against the kingdom of Christ and against God.

Viktor Schauberger (scientist) -

There are people, **endowed with an almost God-given cluelessness**, who have brought us to this terrible impasse and would lead us on into chaos also. Those apart, there ought to be people with enough humanitarian sensitivity to prevent our children from being led unawares into such frightful cataclysms.

Rasputin: «На три дня солнце исчезнет с небес и на тридцать дней туман из дыма и боли покроем землю серой пеленой.»

For three days the sun will disappear from the sky and for thirty days a **fog of smoke** and pain will **cover the earth with a gray veil**.

Quran 44:10-11 Surah Ad-Dukhan

Wait then O Prophet for the day when the **sky will be veiled in haze**, clearly visible, overwhelming the people. They will cry, "This is a painful torment."

Rasputin: «В закатные времена вы увидите чудеса и страдание. Но вы увидите также много теней в образе человеческого.»

In sunset times you will see [dark] miracles and sufferings. But you will also see many **shadows in human form**.

[Hadith] Sunan Abi Dawud 2604 (Grade: **Sahih**)

Jabir bin 'Abd Allaah reported the Apostle of Allah as saying: “

Do not send out your beasts when the sun has set till the darkness of the night prevails, for the **devils grope about in the dark when the sun has set** till the darkness of the night prevails.”

Simone Weil -

The Need for Roots

"When a saint performs a miracle, **what is good is the saintliness, not the miracle...**

One has to say either to good or to evil, **for there are diabolical miracles**: (Mark 13:22, Matt. 7:22-23)

Rasputin: «Во многих салонах Царского Села будут жить воскресшие, которых только доверенные смогут слышать и видеть. Здесь будут твориться чудеса. Великий епископ придет в Петербург, и колокола всех церквей будут его приветствовать и объявят о мире...»

In the many mansions of *Tsarskoye Selo* there will be **resurrected ones** whom only the authorized will be able to hear and see. **Miracles** will happen here.

The **great bishop will come to St. Petersburg**, and **the bells of all churches will greet him and announce peace... Three kings will meet** in St. Petersburg. And a single barn will feed Europe.

[Seer] Mitar Tarabich -

"At that time of plague, out of the vast steppes and in the distant mountains of Russia will come a young man **named with the name Michael** will come. He will have a bright face and his whole appearance will be gracious. People will **marvel** at him walking in the sky, and **he will go to the first monastery** [Ru. монастырь] **and ring all the church bells**. To the people who gather around him in awe, he will say: "You have forgotten who I am and that I did not die, but went to heaven alive."

<https://www.uzice.net/kremansko-prorocanstvo/>

Rasputin: «Как Святой Престол Римский прейдет от Петра к Петру, также и Святой Престол Петербургский перейдет от Михаила к Михаилу. Первый Михаил поставил трон, а последнему Михаилу не будет времени им воспользоваться, ибо

все произойдет в спешке: и жизнь, и смерть.»

Just as the Holy See of Rome will pass from Peter to Peter, the Holy See of St. Petersburg will also pass from Michael to Michael. The first Michael **set up the throne**, and the **last Michael will not have time to use it**, for everything will happen in a hurry: both life and death.

Rasputin: «Когда солнце разразится, не будет более ни травинки на волжских обрывах. Лишь после великого опустошения и огромных утрат вернётся Святой Крест в алтари. А змей и ястреб не будут более никогда страшны. Так в Святая, как и в Святая Святых вернётся великий муж, дабы вершить справедливость.»

When the sun breaks out, there will no longer be a blade of grass on the Volga cliffs.

Only after great devastation and enormous losses will the Holy Cross return to the altars. And the snake and the hawk will never be afraid again. So a great man will return to the Holy Place, as well as to the Holy of Holies, in order to dispense justice.

[Seeress] Jeanne Dixon -

For a long time now I have known that Russia is being made ready to undergo a tremendous change. It was made clear to me in a vision, however, that this development would take place in the distant future. The Russian altar I saw was far away, but I saw that, once again, **the altar** of Christian churches **would be within the reach of the people of Russia**. This religious revival will be a part of a general renaissance—a rebirth of faith in Jesus Christ.

On the Holes in the Sky/Solar Flare:

Дыры в небе

Rasputin: «Наступит время, когда солнце станет плакать и его слёзы упадут на землю как огненные искры, сжигая растения и людей. Пустыни станут наступать как взбесившиеся лошади без седока, и пастбища превратятся в песок, и реки станут гнилым пупом земли. Исчезнут нежная трава лугов и листья деревьев, ибо будут править две пустыни: пустыня песка и пустыня ночи. И под горящим солнцем и ледовым холодом потухнет жизнь.»

The time will come when **the sun will begin to cry** and its **tears will fall to the ground like fiery sparks, burning plants and people**. Deserts will begin to advance like mad horses without a rider, and pastures will turn into sand, and rivers will become the rotten navel of the earth. The tender grass of the meadows and the leaves of the trees will disappear, for two deserts will rule: the desert of sand and the desert of night. And **under the burning sun and icy cold life will go out**.

John of Jerusalem -

The sun will burn the earth

The Air will no longer be a veil which protects from the fire

It will be **only a curtain with holes**

And the **burning light will eat away skins and eyes**.

The Quest, p.g. 23-24, 18-19 <https://i.imgur.com/Ait1OMA.png>

I awoke to the deepest blackness of the night, startled, and feeling that someone, something was watching me. I glanced around the parts of the landscape that I could vaguely see, but there was nothing, not a sound, only the feeling of being watched. It was then that I looked up into the sky and **saw the bloodred stars shining down through a huge gaping hole**, a hole that seemed to be **torn from the permeable fabric of the sky**.

<https://www.prepping.com.au/red-sky-prophecy.html>

Looking skyward, the sun seemed to be larger and more intense; no birds or clouds could be seen; and the air seemed thicker still. It was then **that the sky seemed to surge and huge holes began to appear. The holes tore with a resounding thunderous sound**, and the very Earth, rocks and soil shook.

The skin of the sky seemed to be torn open like a series of gaping wounds, and through these wounds seeped a liquid that seemed like the oozing of an infection, a great sea of floating **garbage, oil and dead fish**. It was through one of these wounds that Grandfather saw the **floating bodies of dolphins**, accompanied by tremendous upheavals of the Earth and violent storms.

Da Vinci -

[Prophecy] "A **great part of the sea will fly towards heaven and for a long time will not return...** And many creatures of land and water will go up among the stars."

Now lately I feel like calamities are coming. I do not speak of them, however. I speak only of repentance and return to God. It seems to me, my child, how **the animals will judge us for our filth**. There are also abortions and blasphemies. There is not much talk about repentance from the clergy, but I do not want to judge. After the upheaval comes peace. Great glory of Orthodoxy!

Mutated Animals:

Мутировавшие животные

Rasputin: «Ручные насекомые понесут смерть, потому что человек их отравит. И нашествие саранчи покажется весенним дождичком по сравнению с этим ураганом, который распространится с земли цветов на землю листьев, а оттуда на весь мир, сея болезни голод и ужас...»

Tame insects will suffer death because humans will poison them. And the **invasion of locusts** will seem like a spring rain in comparison with this hurricane, which will spread from the land of flowers to the land of leaves, and from there to the whole world, spreading disease, hunger and horror...

Plutarch -

Moralia

And in Sicily, where in the servile war much blood was shed, and many carcasses rotted on the ground, **whole swarms of locusts were produced**, and **spoiled the corn** over the whole isle.

Rasputin: «Безответственная человеческая алхимия в конце концов превратит муравьёв в огромных чудовищ, которые разрушат дома и целые страны, будут против них бессильны и огонь, и вода. В конце концов, вы увидите летучих лягушек, а бабочки станут коршунами, а пчёлы будут ползать по земле, как змеи. И змеи завладеют многими городами.»

Irresponsible human alchemy will eventually **turn ants** into **huge monsters that will destroy houses** and entire countries, both fire and water will be powerless against them. Eventually you will see frogs flying, and butterflies will become kites, and **bees will crawl on the ground** like snakes. And **snakes will take possession of many cities**.

[Dec 18, 22] u/**Greekmon07**:

https://old.reddit.com/r/Dreams/comments/zoyqlf/saw_a_dream_a_week_ago_where_i_was_in_my_house/

Saw a dream a week ago where I was in my house and **bees started becoming these huge worms** and rice was falling from their feet. CNN: "Breaking News: The Bees Started Birthing." That was the news broadcast when the TV was open.

Rasputin: «Растения, звери и люди были созданы, чтобы быть разделёнными. Но наступит день, когда не будет более границ. И тогда человек станет полу-человеком, полу-растением. И зверь станет зверем, растением и человеком. На этих безграничных полях будет пастись чудовище, названное кобака.»

Plants, animals and people were created to be separated. But the day will come when there will be no more borders. And then man will become half-man, half-plant. And the beast will become a beast, a plant and a man. A monster called **кобака** will **graze on these boundless fields**.

Rasputin: «конце концов, вы увидите летучих лягушек, а бабочки станут коршунами, а пчёлы будут ползать по земле, как змеи. И змеи завладеют многими городами.»

Mice and snakes will rule the earth. Mice will hunt mice; and lost and bewildered people will be forced to abandon entire cities and villages under **the onslaught of hordes of enormous mice** that will destroy everything and infect the earth.

Pliny -

Natural History

Accordingly it ceases to be surprising how **so large an army of field-mice ravages the crops**; and in the case of field-mice it is also hitherto unknown exactly how this vast multitude is suddenly destroyed: for **they are never found dead**, and nobody exists who ever dug up a mouse in a field in winter. Vast numbers thus appear in the Troad, and they have by now banished the inhabitants from that country. **They appear during droughts**.

A **strange beast like a buffalo but with great long horns**, will overrun the land in large numbers. (~~the coming of the white men's cattle.~~)

Da Vinci -

Oxen will be to a great extent the cause of the destruction of cities, and in the same way **horses** and **buffaloes**. (By drawing Guns.)

We shall see the **horns of certain beasts** fitted to iron tools, which will take the lives of many of their kind. (Of the Handles of Knives made of the Horns of Sheep.)

Many will there be who will die a painful death by means of the **horns of cattle**. (Of Bows made of the Horns of Oxen.)

The **cruel horns of powerful bulls** will screen the lights of night against the wild fury of the winds. (Of Lanterns.)

Cattle with their horns protect the Flame from its death. (In a Lantern)

Pliny -

Natural History

Indian oxen are reported to be as tall as camels and to have horns with a span of four feet.

Julius Obsequens -

On Prodigies

When the Latins were bringing their cattle and plow animals from the countryside into the city a slaughter of men occurred here and there: the **oxen were excited to such frenzy that they wrought havoc among their own masters as if attacking enemies**, and weeping dogs with great emotion presaged calamity for their dear ones.

Rasputin: «И змеи завладеют многими городами.»

And **snakes will take possession of many cities**.

Da Vinci -

Serpents of great length will be seen at a great height in the air, **fighting with birds**. (Of Snakes, carried by Storks.)

Hesychios of Miletus -

Patria of Constantinople

A little later Dineos crossed into the city and, having repelled the barbarians, because the second general of the Byzantines. During these times **many kinds of serpents frequented the city** and killed the inhabitants, but they were killed through the **sudden arrival** of the **birds** called **storks**, with Poseidon assisting them, as they say.

Not long afterwards, **the birds turned against them and became the cause of death**, catching snakes by the water reservoirs and launching them against the citizens walking in the avenues, attacking them invisibly, and they were at a loss.

A certain man from Tyana named Apollonios set up three **storks** of worked stone facing one another, which remain until these times, which do not permit the race of storks to

frequent the city.

Aristotle -

History of Animals

"The cranes are said to fight with the pygmies; and the story is not fabulous, but **there's in reality a race of dwarfish men**, and the horses are little in proportion, and the men live in caves underground."

Daniil Andreev -

There's a profound truth in the legends about gremlins, **penates**, and **lars**, those good-hearted and mischievous **tiny spirits of the home**. German fairy tales about elves are not fairy tales at all. There really is a world of kindly, **endearing little beings that resemble elves**.

[Hopi Elder] Dan Evehema -

There will be **many strange beasts** upon the Earth in those days, **some from the past** and **some that we have never seen**.

John of Jerusalem -

The animals which Noah had embarked on his Ark

Will be no more in Man's hands

Than beasts transformed according to his will

And who will worry about **their lifetime of suffering?**

Man will have made each species into what he wanted

And he will have destroyed numerous ones

What will the man have become who will have changed the laws of life

Who will have made the living animal a piece of clay

Will he be the equal of God or the child of the Devil?

Federico Martelli -

New species of animals will not be subject to man. Domestic animals will become the enemies of man, as they will learn his temperament and habits well.

Post-Millennium Prophecies:

The Corroboration for Daniil Andreev

Подтверждение для Даниила Андреева

Rasputin: «Великий огонь не спалит всех людских пороков, а в темницах под звёздным небом будет обитать страдание.»

The **great fire will not burn away all human vices**, but suffering will dwell in the dungeons under the starry sky.

Daniil Andreev -

The Rose of the World

The chief contradiction here psychologically manifests in human beings as the craving for power, as well as in the complex, dual, and conflicting structure of their sexual sphere. Acting now apart, then together, these impulses create a gravitation toward evil, which nearly all human beings have a disposition for... Such contradictions can be mitigated, smoothed, temporarily blanketed, but cannot be eradicated, for their root lies in the **yetzerhara** [cursed/demonic/satanic seed/element] which is inherent to all living beings of Enrof, **except to those that have burned it away while becoming enlightened**.

Revelation 12:4 EOB The dragon stood before the woman who was about to give birth, so that when she gave birth he might devour her child.

Revelation 12:3 EOB Behold, a great red dragon, having seven heads and ten horns, and on his heads seven crowns.

Revelation 17:9-11 EOB This calls for a mind that has wisdom. The seven heads are seven mountains on which the woman sits. They are **seven kings** [or kingdoms; generations of man]; **Five have fallen**, one is [the sixth], and the other has not yet come. When he comes, he must remain for a little while. **The beast** that was, and is not, is **himself also an eight**. He belongs to [is out of] **the seventh** [generation] and goes to destruction.

Joachim of Fiore - “Babylon will also be struck down, which is to say the **people who are called Christians but are not.**” (Revelation 3:9)

Daniel 4:16 Let his heart be changed from man's, and let a beast's heart be given him; and let **seven times pass over him.**

Daniil Andreev -

The Rose of the World

It is not under the antichrist, but two or three decades in his wake when the rampage of Evil will have reached its high point. (Revelation 12:7-12) Inexplicable natural phenomena, which are going to follow, will be inspiring dread as a foreshadowing of some never-before-seen cosmic catastrophe, perhaps, a climatic one. Only a handful of those that have withstood, scattered all over the globe as they are, will understand these omens. (Revelation 12:1-2, 4-5, 14-17)

Rasputin: «Когда женщина готова будет родить, на земле установится седьмое царство. И это будет царство зла. Чёрный царь будет править головой, и белый царь будет править пупом, и красный царь будет править ногами. И ноги первыми погибнут от проказы. Когда спадёт глава, разнесётся стон по всему миру. И кровь прольётся на священный камень...»

When a woman is ready to give birth, the **seventh kingdom** will be established on earth. And this will be the **kingdom of evil**. The black king will rule the head, and the white king will rule the navel, and the **red king will rule the feet**. And the feet will be the first to die from leprosy. **When the head falls, a groan will be heard throughout the world.** And blood will be shed on the sacred stone... The Black Horseman – the era of feudal hierocracy – was the first to gallop by. We wait in anticipation for the White Horseman – the **Rose of the World, the Golden Age of humanity!** Under the White Horseman, every endeavor will be made to liberate science and technology from the grip of demonizing principles.

Rasputin: «Время падения царства начнутся с убийства отца, которое произойдёт в летнее полнолуние. Когда воры бросят золотую **ягоду**, чтобы укрыться в пещере, это будет время близкого конца последнего царства. И конец придёт в вихре крови.»

The time of **the fall of the kingdom** will begin with the **murder of the father**, which will occur on the **summer full moon**. [June 20-21] When **the thieves** abandon the **golden berry** to take refuge in **the cave**, it will be the time of **the near end of the last kingdom**. And the end will come in a whirlwind of blood. [**the cave = abyss/darkness**]

Daniil Andreev -

The Rose of the World

With outward humility, he will be awaiting **the hour when the death of the supreme precept** will make it possible for him, through a global referendum, to crown himself with the tiara... The **supreme precept will be killed**.

Daniil Andreev -

The Rose of the World

What does “Woman clothed in the sun” stand for? It is **Zventa-Sventana** [expression of **Eternal Fertility**] shrouded in the **Planetary Logos** [**Christos, the expression of God**] and giving birth to the Great Spirit of the second eon. In the world history, this will be reflected in **the Rose of the World’s agonizing attempts to ready humanity in the times before the antichrist**, under him, and after him as a vessel to contain this nascent Spirit.

Daniil Andreev -

The Rose of the World

One is to envision the atmosphere of harmonious quietude that will have reigned supreme on the planet by **the 7th or 8th pontificate** of **the Rose of the World**. **Only from books and works of art will those generations know** about the despotism of states, **about wars**, revolutions, hunger, poverty, and epidemics.

[Seer] Mitar Tarabich -

The time of peace and abundance will last for a long time. **Many generations will be born who will live and die in peace, knowing war only from wise books**, words, and various depictions/foreign phenomena.

Rasputin: «В дни, которые будут **предшествовать великой скорби**, змей будет сожжён и испепелён. И о нём не останется воспоминаний, ибо тень будет вымыта братьями, которые станут братьями. И земля, где ползал змей, будет отдана мёртвым в напоминание о крови, пролитой змеем.»

"**In the days that will precede the Great Tribulation, the serpent will be burned and reduced to ashes.** And **there will be no memories of him, for the shadow** will be washed away by the **brothers who will become brothers.** And the land where the **serpent crawled** will be given to the dead as a reminder of **the blood shed by the serpent...**"

Scriabin -

Notebooks: *Preliminary Action*

And there, **lacerated, covered all over with ulcers,**

Pierced through the heart, all in rags and dust

He lies, a **god who has forgotten himself** and the **forgotten dread ruler of the earth** which he has **stained with blood.**

[Archangel] **Michael** -

I have not come to make you afraid and believe with fear, but I am among you to make you understand! There is no longer a rich or poor, and you still hate each other, devour and kill. You have **forgotten your own soul!**

[Seer] Mitar Tarabich -

Well, godfather, the time will come when none of the chimneys of these houses will smoke anymore... A fiery force will descend upon these nests of yours so that not a single stone of these houses will remain standing.

Whose power will it be, godfather Mithras?

The power of the iron chariot and the **brothers who have degenerated into non-brothers** who will ride with that chariot.

Rasputin: «Их станут пытаться, как две тысячи лет назад. Даже проводников предадут смерти, но тень креста будет по-прежнему осенять землю. И в эту землю тень мучеников упадёт как доброе семя, которое даст обильные плоды, кои будут собраны, когда всякая надежда угаснет. [Лишь плоды, собранные предыдущим поколением не будут содержать смерти.]

Знак появится на небе и знак появится на земле, когда хищник оплатит свой долг. А долг будет велик, ибо всего золота не хватит, чтобы оплатить кровь.»

"They will be tortured like they were two thousand years ago. **Even the guides will be put to death,** but the shadow of the cross will continue to overshadow the earth. And the shadow of the martyrs will **fall into this land like a good seed, which will bear abundant fruits,** which will be harvested when all hope has faded. [Only the fruits collected by the previous generation will not contain death.]

A sign will appear in the sky and a sign will appear on earth when the predator has paid his debt. And the debt will be great, for all the gold will not be enough to pay for

the blood.

Daniil Andreev -

The Rose of the World

[Post-Millennium] There will come an **epoch of persecutions**, growing from year to year in their scale, methods, and ferocity.

The One Church of Humanity will withdraw into the catacombs. This will herald a **string of tragic pontificates**, each inevitably ending in the demise of the supreme precept, just like a golden garland in the pitch darkness, which will stretch across one and a half or two centuries right into the day and hour of the second advent of Christ...

Then the fruits of the spiritual work of **the Rose of the World's eight pontificates** will show themselves. Then **the spawn of darkness** will lose countless throngs of those that would have succumbed to the barrage of **dark miracles** and the charm of the superhuman, combining immense intelligence with the cynical boldness of his wicked deeds, **had it not been for their premonitory, illuminating, and formative work.**

Philippe Nizier -

Elles tombent une à une vos larmes! Et ce petit ruisseau clair et pur qu'elles forment dans l'invisible revient à vous pour vous désaltérer. Ne croyez pas que vos actes se perdent. Tôt ou tard vous en recueillerez le fruit.

"Your tears fall one by one! And this little stream, clear and pure, which they form in the invisible returns to you to quench your thirst. **Don't think your deeds are lost.** Sooner or later you'll **reap the fruit of your labours.**"

Rasputin:

«Но великой смертью будет смерть семьи, которая будет обескровлена, обесчещена, распята. И на её останках распустится роза отчаяния.»

But the great death will be **the death of the family**, which will be bleeding, dishonored, **crucified**. And on her remains the rose of despair will bloom.

Da Vinci - Alas! what do I see? The Saviour **crucified anew**. I see Christ sold and **crucified afresh**, and **his Saints suffering Martyrdom**.

[Saint] Sergius of Radonezh -

My time will come when the heavenly luminary will rush to the Earth, and then you will come to fulfill the wishes of the deadlines. And **the hated will be saviors, and vanquished will lead the victorious**. And the three roots, divided by the curse, will be joined together in love, and **they will be led by a messenger not from their tribe**.

«Придет время Мое, когда небесное Светило к Земле устремится, и тогда придешь ты исполнить волю сроков. И ненавистные будут спасителями, и побежденный будет вести победивших. И три корня, разделенные проклятием, сростаться любовью, и вести их будет посланный не из их племени.»

[Seer] "Andreas Rill" -

Feldpostbriefe

[Aug 30, 1914] Then the people who are still there will become calm and quiet, and

fear and terror will dwell among them. For now they will have time to think and to learn good lessons, which they did not want before. **At the end of this time of the devil**, the **believing victors will then come to the vanquished for advice and help**, for their fate is also terrible, **for everything lies on the ground tremendously like a monster**.

Am Schluß dieser Teufelszeit werden dann die geglaubten Sieger an die Besiegten kommen um Rat und Hilfe, denn auch ihr Los ist schrecklich, denn es liegt alles am Boden wie ein Ungeheuer.

Rasputin: «А в землях, где раньше росли маслины, будет лишь снег. Ибо всё смешается в это время. Горы будут там, где были моря, и моря там, где были горы.»

And in the lands where olives used to grow, there will be only snow. **For everything will be mixed up at this time**. Mountains will be where there were seas, and seas where there were mountains.

On the Oneness:

О единстве

Rasputin: «Однажды Святое Семейство будет расколото на столько частей; но в другой день Святое Семейство вновь объединится. Тогда созреет время, чтобы говорить на новом языке. Но многие будут говорить на многих языках и будут одеты во много одежд. А когда суд будет близок, все одежды будут сожжены. Тогда вернуться Мученики. И вернуться они как победители.»

One day the Holy Family will be **split into so many parts**; but on another day the Holy Family will be **united again**. Then the time will be ripe to speak a **new language**. But many will speak **many languages** and **wear many clothes**. And when judgment is near, **all clothes will be burned**. Then the **Martyrs will return**. And they will **return as victors**.»

Comment: Apparently, he meant the family of humanity. Rather than the more obvious options: death of the нуклеарная семья, death of the Romanov family in the past, possible death of the future Tsar's family.

John of Jerusalem -

Men will be like a great single body

Of which each of them will be a tiny part

And together they will constitute the heart

And **there will be one language** which will be spoken by everyone;

and this is how the great human being will be born.

Tom Brown, Jr. -

Awakening Spirits, p.g. 99

Grandfather said, "Man is like an island, a circle within circles. Man is separated from these outer circles by his mind, his beliefs, and the limitations put upon him by a life away from the Earth. The circle of man, the island of self, is the place of logic, the ego,

and the physical self. That is the island that man has chosen to live within today, and in doing so **he has created a prison for himself**. The walls of the island prison are thick, made up of doubts, logic, and lack of belief. **His isolation from his greater circles of self** is suffocating and prevents him from seeing life clearly and purely. It is a world of ignorance where flesh is the only reality, the only god."

John of Jerusalem -

Men will have at last opened their eyes

They will **no longer be locked up inside their heads or in their cities**

They will see and hear each other from one point of the earth to another

They will know that **whatever strikes one of them hurts the others.**

Tom Brown, Jr. -

The Journey, p.g. 227

Grandfather said "To run away is to be responsible, for to run is not to know love. To not know love is to not know **the spirit-that-moves-through-all-things**. **When one part of that spirit is lost, hurt, sick, or searching, the whole is affected.**"

John of Jerusalem -

Man will know what **the spirit of all things** is

The stone or the water, the body of the animal or the gaze of others

He will have pierced the secrets that the ancient Gods possessed

And he will open door after door in the labyrinth of the new life.

[Seeress] Jeanne Dixon -

When I pray and meditate and ask the Lord for guidance, many things are revealed to me, because it is at those moments of quiet contact with God that I become aware of the many signals surrounding us. It is at those moments that many "events-in-the-making" seem to close in on me. Somehow I keep getting extremely strong signals from Russia. They, the Russians, have **their own aims in life**, but they **concentrate on their worldly desires** and not on God's desires for them. **They are filled with their own planning, their own thinking, and their own ideas.**

[Eldress] Sepphora Klykovskaya -

<http://lychinka.ru/index.php/sobytiya/300-prorochestva-staritsy-sepfory>

And then... - and this is the most important thing for me in the words of the old woman - if Russia does not grow spiritually, if there is only external growth: building temples and gilding domes, but people do not have God in their hearts, **then God will allow the Communists to return to power.**

А потом... - и вот это в словах старицы для меня самое главное, - если Россия не будет духовно расти, если будет только внешнее: стройки храмов и золочение куполов, а в сердце Бога у людей не будет, то тогда Господь попустит возвращение коммунистов к власти.

Rasputin: «Когда времена приблизятся к бездне, любовь человека к человеку превратится в сухое растение. В пустыне тех времён будут расти лишь два

растения - растение выгоды и растение себялюбия. Но цветы этих растений можно будет принять за цветы любви. Всё человечество в это проклятое время будет поглощено равнодушием.»

"When times approach the abyss, man's love for man will turn into a dry plant. In the desert of those times only two plants will grow - the plant of **profit** and the plant of **selfishness**. But the flowers of these plants **can be mistaken for flowers of love**. **All of humanity** in this damned time will be **consumed by indifference**."

John of Jerusalem -

Everyone will know what is happening everywhere on Earth

They will see the child **whose bones are piercing his skin**

And the one **whose eyes are covered in flies**

And the one being hunted like a rat.

But the man who sees will turn away his head

For he will be **thinking only of himself**

That man will give a handful of seeds in charity

When he sleeps on full sacks

And what he gives with one hand he will take back with the other.

And I heard a voice talking loudly as it were yelling, and it was coming from somewhere. And I heard it say something to the effect of, "you must abandon your possessions, and **shed your clothes**, and you **must tread like an animal**." And I remember appearing confused after this. And the phrase I was most confident that the voice actually said was "tread like an animal." And then the voice elaborated saying something like "if you are unwilling to **forget your clothes** and your possessions at your discretion, how much worse will it be when you are forced to lose those possessions when you do not expect or will for it to happen?"

Platon -

Theaetetus

Evil must ever remain in this world to be the antagonist of good, out of the way of the gods in heaven. Wherefore also we should fly away from ourselves to them; and to fly to them is to become like them; and to become like them is to become holy, just and true. **But many live in the old wives' fable of appearances; they think that you should follow virtue in order that you may seem to be good**. The fact is, that wherever the extremity of winter frost or of summer sun does not prevent, mankind exist, sometimes in greater, sometimes in lesser numbers... Just when you and other nations are **beginning to be provided with letters** and the other requisites of civilized life, **after the usual interval, the stream from heaven, like a pestilence, comes pouring down, and leaves only those of you who are destitute of letters and education**; and so you have to begin all over again like children, and know nothing of what happened in ancient times, either among us or among yourselves.

On the Comet:

О комете

Rasputin: «Я вижу столько людей, огромные людские толпы и горы трупов. Среди них много великих князей и графов. И кровь их обогривает воды Невы... Не будет покоя живым, и не будет покоя мёртвым. Через три луны после моей смерти я снова увижу свет, и свет станет огнём. Вот тогда-то смерть будет вольно парить в небесах и падёт даже на правящее семейство. Пройдут 25 лет, и смерть снова станет парить в небесах... Пройдут ещё годы, и она снова станет парить в небесах. Первый полёт соберёт золото, второй полёт соберёт свинец, а третий полёт соберёт пшеницу.»

"I see so many people, huge crowds and mountains of corpses. Among them are many grand dukes and counts. And their blood will stain the waters of the Neva... There will be no peace for the living, and no peace for the dead. Three moons after my death, I will see the light again, and the light will become fire. Then **death will freely soar in the heavens** and will even fall upon the ruling family. Twenty-five years will pass, and **death will soar in the heavens again...** More years will pass, and **it will soar in the heavens again.** The first flight will gather gold, the second flight will gather lead, and the third flight will gather wheat."

[Seer] Hanns Tobias Velten -

As if they had forgotten everything and the harsh punishment had been nothing more than a bad dream, which one no longer pays attention to after waking up, the old life and hustle and bustle soon began again.

Already, a small cloud was slowly gathering in the sky, growing larger and larger, but a third harvest was still ripening before it spread completely and became a gray veil that spread over the land again, ash gray.

[Seeress] Mother Shipton -

And **when the Dragon's tail is gone,**
Man forgets, and smiles, and carries on
To apply himself — too late, too late
For mankind has earned deserved fate.

Und als der Drachenschweif vorbei ist,
Vergißt der Mensch und lacht und macht
Weiter wie bisher — zu spät, zu spät, weil die
Menschheit sich ihr Verderben verdient hat.

His **masked smile** — his **false grandeur**
Will serve the Gods their anger stir.
And they will **send the Dragon back**
To light the sky — his tail will crack
Upon the earth and rend the earth

Sein aufgesetztes Lächeln — seine falsche Größe
Wird den Ärger der Götter anstacheln.
Und sie werden den Drachen zurückschicken,
Den Himmel zu erleuchten — sein Schweif wird
krachen auf die Erde und sie aufreißen.

Rasputin: «Моря, как воры, войдут в города, в дома, и земли станут солёными. И соль войдёт в воды, и не будет воды, которая бы не была солёной. Солёные земли не принесут более плодов, а если и принесут, это будут горькие плоды. Поэтому вы увидите плодородные земли, превращённые в солёные болота. А иные земли будут высушены растущим жаром. Человек окажется под солёным дождём и будет бродить по солёной земле, меж засухой и потопом.»

"The seas, like thieves, will enter cities, houses, and the lands will become salty. And salt will enter the waters, and there will be no water that is not salty. The salty lands will no longer bear fruit, and even if they do, it will be bitter fruit. Therefore, you will see fertile lands turned into salt marshes. And other lands will be dried up by the growing heat. A person will find himself under the salty rain and will wander through the salty earth, between drought and flood.

All coastal cities will be fearful and many of them will be destroyed by tidal waves, and most living creatures will be killed and even those who escape will die from a horrible disease. **For in none of these cities does a person live according to the laws of God.**

John of Jerusalem -

Everything that will have been built **without heeding the wise ones**

On the Plagues:

О язвах

Rasputin: «Всё чаще вы станете видеть сумасшествие ваших членов. Там, где природа создала порядок, человек посеет беспорядок. И многие пострадают из-за этого беспорядка. И многие умрут от чёрной чумы. И когда чума не будет более убивать, коршуны станут рвать плоть... Каждый человек имеет в себе великое лекарство, но человек-животное предпочтёт лечиться ядами.»

"More and more often you will begin to see the madness of your members/limbs. Where nature created order, man will sow disorder. And many will suffer because of this disorder. And many will die from **the black plague**. And when the plague no longer kills, the kites will begin to tear the flesh... Den Reichen im Palast, wie den Armen in der Hütte fällt die Krankheit mit ihren gütigen Krallen an und erwürgt ihn.

The disease attacks the rich in the palace and the poor in the hut with its kind claws and strangles them. Like madness it seizes the people, many thousands, instead of preparing for death, **abandon themselves in despair** to all the pleasures of the world in order to **enjoy them while they are still healthy, since at any moment they are not safe from death**.

All discipline and order have ceased, everyone grabs what they can get hold of and what the dead have left behind, **not even knowing who might inherit them** with a violent hand in the next moment when they are struck by death's fate.

Alle Zucht und Ordnung hat aufgehört, jeder greift zu, wo etwas zu erhaschen ist und was die Toten zurückgelassen haben und weiß selbst nicht, wer vielleicht im nächsten Augenblick wieder ihn mit gewaltsamer Hand beerbt, wenn ihn das Todeslos getroffen.

Thucydides -

The History of the Peloponnesian War

Nor was this the only form of lawless extravagance which owed its origin to the plague.

Men now coolly ventured on what they had formerly done in a corner, and not just as they pleased, seeing the rapid transitions produced by persons in prosperity suddenly dying and those who before had nothing succeeding to their property.

So they **resolved to spend quickly and enjoy themselves**, regarding their lives and riches as alike things of a day. Perseverance in what men called honour was popular with none, it was so uncertain whether they would be spared to attain the object; but it was settled that present enjoyment, and all that contributed to it, was both honourable and useful. Fear of gods or law of man there was none to restrain them.

Platon -

This was especially the case with such as made any pretensions to goodness: honour made them unsparing of themselves in their attendance in their friends' houses, where even the members of the family were at last worn out by the moans of the dying, and succumbed to the force of the disaster...

Platon -
Gorgias

Zeus - "All this is a hindrance to them; there are the clothes of the judges and the clothes of the judged. What is to be done? I will tell you:—In the first place, I will **deprive men of the foreknowledge of death**, which they possess at present: this power which they have **Prometheus has already received my orders to take from them**: in the second place, they shall be **entirely stripped** before they are judged, for they shall be judged when they are dead;"

[Hadith] Sunan Ibn Majah 52

It was narrated from 'Abdullah bin 'Amr bin 'As that: the Messenger of Allah said: 'Allah will not take away knowledge by snatching it from people (from their hearts). Rather He will take away knowledge by **taking away the scholars** then when there are no scholars left, the people will **take the ignorant as their leaders**. They will be asked questions and they will **issue verdicts without knowledge**, thus they will go astray and lead others astray."

Simone Weil -
The Need for Roots

They don't care for either critical or synthetical effort, and won't submit to making either, unless obliged. But in situations of fear, anguish, when the flesh draws back before the prospect of death, or too great a degree of suffering or danger, in the mind of every man, **even if he is completely uneducated, a manufacturer of arguments suddenly stands forth**, who **elaborates proofs** to demonstrate why it is legitimate and right to avoid that particular death, suffering or danger. Such proofs can be either good or bad, depending on the particular case. At all events, at the time, the body's disturbed condition gives them an intensity of persuasive force that no orator has ever succeeded in acquiring.

Rasputin: «Всякая революция хочет разбить цепи рабства, но когда эти цепи разбиты, уже готовы другие. С пещерных времён ничто не изменилось и никогда не изменится, потому что самый хитрый, самый коварный и зачастую самый развращённый всегда будет себя навязывать. И смотря по настроению народа, он наденет на себя одежды диктатуры или демократии. Но человек всегда будет рабом, даже если он воображает, что свободен... Однажды, может быть, и возродится свободный человек, но народ всегда будет рабом.»

"Every revolution wants to break the chains of slavery, but when these chains are broken, others are already ready. Since cave times, nothing has changed and will never change, because the most cunning, the most insidious and often the most depraved will always impose themselves. And **depending on the mood of the people, he will put on the clothes of dictatorship or democracy.** But a person will always be a slave, even if he imagines that he is free... One day, perhaps, a free individual will be reborn, but **the masses will always be a slave.**

John of Jerusalem -

Everyone will be a true serf and will **believe himself to be a free man** and a knight.
The only ones to rise up will be those of the untamed cities and of the heretic faiths.
But first of all they will be defeated and **burnt alive**.

Lactantius -

As many as shall believe him and unite themselves to him, shall be marked by him as sheep; but they who shall refuse his mark will either **flee to the mountains**, or, being seized, will be **slain with studied tortures**. He will also **enwrap righteous men with the books of the prophets**, and thus **burn them**;

[Seer] Leonardo Da Vinci -

That which was at first bound, **cast out and rent by many and various beaters** will be respected and honoured, and its precepts will be listened to with reverence and love.

“For the people of India, such seemingly democratic measures only changed the master, **but the essence of enslavement remained the same...**” «Для народов же Индии такие с виду демократические мероприятия меняли лишь хозяина, а суть порабощения оставалась прежней...»

In such experiences there is an element of condescension, and in this case there may well be the added factor that **the prisoner is paradoxically the freer person... One major secret of dictatorships**, from Stalin to Hitler, **lies in their ability to provide moralistic dressing for coercion and so transform it into a satisfying experience.**

On Barren Wombs:

Бесплодные утробы

Luke 21:23 "But woe to those who are pregnant and to those who nurse infants in those days! For there will be great distress in the land, and wrath to this people."

Rasputin: «Лоно женщины будет столь же бесплодно, как речная земля. И это будет ещё благом, ибо не бесплодное лоно и не бесплодная земля взрастят чудовищ.»

"A woman's womb will be as barren as river soil. And that will be a blessing, for neither a barren womb nor barren soil will give rise to monsters."

Quran, Surah At-Takwir 81:4,8-9

“and when **pregnant camels are left untended**,”

“and when **baby girls, buried alive**, are asked for what crime they were put to death,”

[Quran] Surah Al-Hajj 22:1-2

O humanity! Fear your Lord, for **the violent quaking** at the Hour is surely a dreadful thing. The Day you see it, **every nursing mother will abandon what she is nursing**, and **every pregnant woman will deliver her burden prematurely**. And you will see people as if they were drunk, though they will not be drunk; but the torment of Allah is terribly severe.

Rasputin: «Родятся чудовища, которые не будут ни людьми, ни животными. А многие люди, которые не будут иметь отметины ни в теле, ни в разуме, будут иметь отметину в душе. А потом наступит время, когда вы найдёте в колыбели чудовище из чудовищ человека без души.»

Monsters will be born that will be **neither human nor animal**. And many people who will have no mark on either body or mind will have a mark on their soul. And then the time will come when you will find **in the cradle the monster of monsters**—a **man without a soul**.

Leonardo Da Vinci -
Notebooks, Vol. 2

"One who by himself is mild enough and void of all offence will become terrible and fierce by *being in bad company*, and will most cruelly take the life of many men, and would kill many more if they were not **hindered by bodies having no soul**, that have come **out of caverns**—that is, *breastplates of iron*." Procreation will decrease due to the implantation of the '**woman-man**' and '**man-woman**'. These will be the standard bearers of the final world -

Wars, guerrillas, assassinations, deaths by mass suicides, **by terror of what is to come**, will **alleviate the world from excess procreation**. Religions will be frightened and persecuted." (B.S.P. 1938)

[May 9, 20] Interview with u/**KateTheGirlWhoDreams**:

Sexuality doesn't promote ones own progression. Instead it manages to regress it dramatically. Sexuality may have been needed during the first formations of life but even with asexuals the very meaning of procreation is still important but is more logically based. I personally believe that **these genes will grow and is a natural form of balance** in an **overpopulated** human world. Either this will balance a scale or a widespread loss of live at a massive number will and sexuality will once again thrive until they meet the next step.

History of Rome

These were all regarded as horrid and monstrous products of a Nature which had gone astray to produce strange and hybrid growths; **hermaphrodites** were looked upon as of **especially evil omen** and were ordered to be at once carried out to sea just as quite recently in the consulships of C. Claudius and M. Nero similar ill-omened births had been disposed of.

The world was going through a global fertility crisis due to an **unknown phenomenon**. Every day, the news and headlines were flooded with reports of **abnormalities in fetal development in the vast majority of women** in the world. Several of them aborting amorphous children and **others giving birth to beings that were not human** and should not have been living beings in the first place. Mothers who had these things **directly abandoned their children** for being "anomalous."

As a consequence of this event, the population decreased brutally to the point that these "Objects Children" were studied (especially by the United States, Russia, and China) to find a solution to this crisis, and ethics were not part of the protocols since these children were not considered human.

In the dream, shortly after a year of the crisis began, I became pregnant for no reason (That is, there was never a conception), due to the crisis I was forced to have the baby. I felt that I had to take care of this little thing for some reason, I did not want to be a mother per se, just take care of it. From this point on, I was constantly on the run from the authorities in order to protect this poor thing from the unethical experiments the governments were conducting...

If people reproduce a human person, the gods in heaven will not give its body a human soul. The "aliens" will take that opportunity to replace the human soul and by doing so they will enter earth and become earthlings. When such people grow up, they will **help replace humans** with "aliens". They will produce more and more clones. There will no longer be humans reproduced by humans. **They will act like humans, but they will introduce legislation to stop human reproduction.**

[Hopi Elder] Dan Evehema -

It will be a very hard time for **women with children** for they will be shunned, and **many of the children in these time will be unnatural**. Some being from the stars, some from past worlds, **some will even be created by man in an unnatural manner**, and will be **soulless - no life-force in their eyes**. There will be **many strange beasts** upon the Earth in those days, some from the past and some that we have never seen. The nature of mankind will appear strange in **these times when we walk between worlds**, and we will **house many spirits, even within our bodies**.

Rasputin: «Когда Содом и Гоморра возвратятся на землю, и когда на женщинах будет мужское платье, а на мужчинах - женское, вы увидите Смерть, скачущей на белой чуме. И древняя чума покажется пред белой чумой как капля пред океаном. Горы трупов сложат на площадях, и миллионы людей унесёт безликая смерть.»
When **Sodom and Gomorrah return to earth**, and **when women wear men's clothing** and **men wear women's clothing**, you will see Death riding on the **white plague**. And the ancient plague will appear before the white plague like a drop before the ocean. Mountains of corpses will be piled up in squares, and millions of people will be **carried away by faceless death...**

Cities with millions of inhabitants will not find enough hands to bury the dead, and many villages will be crossed out with a single cross...

No medicine can stop the white plague, for it will be the **threshold of cleansing**. And when nine out of ten people have pus in their blood, the scythe will fall to the ground, for this will be the time to return home.

[Seer] Vlaicho Zhelev -

There will be a cleansing... And for nothing in the world will it be what people hope and expect. **It is something that the human race has not yet seen, heard, or even suspected.**

This supreme “**purification of souls**” will **take place through the power of Nature.**

Rasputin: «Когда придёт время для очищения, множество духов вернутся на землю и примут те формы, какие уже имели в прошлом... Во многих салонах **Царского Села** будут жить воскресшие, которых только **доверенные** смогут слышать и видеть. Здесь будут твориться чудеса. Великий епископ приедет в Петербург, и колокола всех церквей будут его приветствовать и объявят о мире.»

When the time comes for purification, many spirits will return to the earth, and **take on the forms they have had in the past**. In the many mansions of **Царского Села** there will be **resurrected ones** whom only the authorized will be able to hear and see. Miracles will happen here.

Philippe Nizier -

"The time we spend on this earth is extremely short. It is about a second in comparison to our existence on other planets. There are planets where existence lasts thousands of years, and **others where the longer you live, the younger you become**. That's why it was said, "In the house of God there are many mansions." (John 14:2)

Le temps que nous passons sur cette terre est excessivement court; il est à peu près d'une seconde en comparaison de notre existence sur les autres planètes. Il y a des planètes où l'existence dure des milliers d'années, et d'autres où plus on vit, plus on devient jeune. C'est pour cela qu'il est dit: «Dans la maison de Dieu, il y a plusieurs demeures».

Two Antichrists:

Rasputin: «Два кровожадных князя овладеют Землёй: Вьюг придёт с востока и поработит человека нищетой, Граюг придёт с запада и поработит человека богатством. Князья будут оспаривать друг у друга землю и небо. И поле великой битвы будет в земле четырёх демонов.»

"**Two bloodthirsty princes** will **take possession** of the Earth: **Вьюга** will come from the east and enslave man with poverty, **Граюг** will come from the west and enslave man with wealth. Vor dem komt ein Mann aus der niederen Stufe u der macht alles gleich in Deutschland, u die Leute haben nichts mehr zu reden u zwar mit einer Strenge, daß es uns das Wasser bei allen Fugen raus treibt. Rasputin: «Когда в Рим придёт человек с отметиной на лбу, будут звонить колокола мира, но мало кто заметит, что звонит в них смерть. / Человек с отметиной на лбу будет положен на алтарь, но когда ещё только должен будет налиться пятый колос, человек с отметиной будет положен на голую землю, и из его мяса сделают пиршество.»

When a man with a mark on his forehead comes to Rome, the bells of peace will ring, but few will notice that death is ringing them. A subtle deception is being prepared for the whole world, for the mouse will escape from the cat, and the cat will be eaten by the mouse. At this time, glory will quickly pass. And the suffering will quickly pass. Caesars will flow like river water, and words will become clouds.

The man with the mark on his forehead **will be laid on the altar**, but when the fifth ear of grain is about to be poured, **the man with the mark will be laid on the bare ground**, and a feast will be made of his meat. Certain groups in the antichrist's elite will attempt to dissociate themselves from the deceased and even go as far as to condemn the preceding historical period. Yet, as their own past activities will be closely associated with the sovereign's deeds in the eyes of all, this belated reversal will convince no one. **All surrounding the name of the deceased will be subject to mockery and obliteration** on the part of the very plebs, whose

depravation he had spent his life or even two of his lives for.

Rasputin: «В ночь сожжения человека в Риме будет реками струиться кровь пап и пустословов. Народ выйдет на площади, ослеплённый столь долго копившейся ненавистью, и на окровавленных копьях вы увидите головы правителей, дворян и духовенства. Тело уважаемого человека протащат по дорогам Рима за белой лошастью, и на дорогах останутся следы его крови и клочки его кожи. И лишь тогда откроется, что уважаемый человек был змеей. И он умрёт так, как умирают змеи. В эту ночь крови и колдовства звёзды изменят свой свет, и те, кто был одет в одежды преступления облачатся в одежды правосудия, а праведные станут неправедными... И когда поднимется свет нового дня, римские фонтаны будут полны человеческой крови, и много тел власть имущих будут четвертованы и брошены в четырёх районах города, чтобы сгнить по частям... Очищенный Рим не будет более Римом. И ночь сожжения человека станет напоминанием о святом восстании народа против голодного волка в овечьей шкуре.»

"On the night of the **burning of a man in Rome, the blood of popes and idle talkers** will flow in rivers. The **people will come out into the square, blinded by the hatred that has accumulated for so long**, and you will see the heads of rulers, nobles and clergy on bloody spears.

The body of a respected man will be dragged along the roads of Rome behind a white horse, and traces of his blood and scraps of his skin will remain on the roads. And only then will it be **revealed that the respected person was a snake**. And he will die the way snakes die.

In this night of blood and witchcraft the stars will change their light, and **those who were dressed in the clothes of crime will put on the clothes of justice**, and the righteous will become unrighteous...

And when the light of a new day rises, the Roman fountains will be full of human blood, and many bodies will rule the property will be quartered and thrown into the four districts of the city to rot in pieces... Purified Rome will no longer be Rome. And the night of the burning of a man will become a reminder of the holy **uprising of the people against the hungry wolf in sheep's clothing**.

[Prophecy] *Das Lied von der Linde* (1920)

Seven Signs:

Семь знамений

Когда приблизится время жатвы, человеку дадут семь знаков. И всякий мудрец поймёт, что пшеница взошла и не будет долго ждать прежде чем пойти по ней с серпом...

When the time of harvest approaches, a person will be given **seven** signs. And every wise man will understand that the wheat has sprouted and will not wait long before going through it with a sickle... [**Comment: It's unclear whether he means the seven subsequent signs listed below, or if he means that each person will be given unique signs, some thing that only holds meaning for them.**]

1. Earthquakes will become more frequent at this time; 2. lands and waters will open and their wounds will swallow people and belongings.

Землетрясения в это время учащаются; земли и воды раскроются и их раны поглотят людей и скарб.

3. You will see violence on your doorstep every day as man becomes a beast again, and like all beasts will attack or be attacked. This person will no longer distinguish between good and evil.

Вы будете ежедневно видеть насилие на пороге своего дома, поскольку человек

вновь станет зверем, и как все звери будет нападать или подвергаться нападению. Этот человек не будет более отличать добра от зла.

4. В эти времена вы встретите осла с головой шакала и хвостом змеи и ногами кошки, который будет вести телегу, а на телеге будут сидеть другие ослы, накормленные ордой лисиц, скованных друг с другом.

During these times, you will find a donkey with the head of a jackal and the tail of a snake and the legs of a cat, who will drive a cart, and on the cart there will be other donkeys, fed by a horde of foxes chained together.

5. During this time there will be less and less food because everything will become poison. The barns will be full, and streams of cool water will flow, and the trees will bear fruit; but whoever eats this grain and whoever drinks the water will die, and whoever eats the fruit will die. **Only the fruits collected by the previous generation will not contain death...**

В это время будет всё меньше еды, поскольку всё станет ядом. Амбары будут полны, и будут течь струи прохладной воды, и деревья будут давать плоды; но кто съест этого зерна и кто выпьет воды, тот умрёт, и кто съест плодов умрёт. Лишь плоды, собранные предыдущим поколением не будут содержать смерти...

6. В эти времена горе соединится с человеком и от их союза родится отчаяние, такое отчаяние, какого ещё никогда не было на земле. In these times, grief will unite with man and from their union will be born despair, such despair as has never been seen on earth.

7. И в эти времена даже времена года изменятся, и роза будет цвести в декабре, а в июне будет лежать снег. And in these times, even the seasons will change, and the **rose will bloom in December**, and there will be **snow in June**.

The Antichrist harnessing the lightning?](#)]

Poor lost flock, **few shepherds** will lead you, for **the time of the wolves** will be at hand. And **the wolves** will sit on the throne and make laws and tear them to pieces in the name of the Holy One. When the heart is completely corrupted, the lambs will come out into a large meadow, but only poisoned grass will grow in it, and the earth will be salty and the water will be bitter. **This is where the last shepherd will come with his last prayer.**

Platon -
Statesman

But the **royal shepherd** has numberless competitors, from whom he must be **distinguished**; there are merchants, husbandmen, physicians, who will all dispute his right to manage the flock... And the myth was introduced in order to show, **not only that all others are rivals of the true shepherd** who is the object of our search, but in order that we might have a clearer view of **him who is alone worthy to receive this appellation**, because **he alone of shepherds and herdsmen**, according to the image which we have employed, **has the care of human beings**.

And I cannot help thinking, Socrates, that **the form of the divine shepherd is even higher than that of a king**; whereas the statesmen who are now on earth seem to be much more like their subjects in character, and much more nearly to partake of their breeding and education.

Rasputin: «Глас Пресвятой Богоматери достигнет Луны и далее. Но он не войдёт в глубину сердца каждого русского...»

The voice of the Most Holy Mother of God will reach the Moon and beyond. But she will **not enter the depths of the heart of every Russian...**

John of Jerusalem -

Even though the voice of Cassandra will be loud and strong

He [man] will **not hear it**

For he will want to possess more and more and **his head will be lost in mirages**

Those who govern him will deceive him

And there will be **only bad shepherds.**

Les Prophéties de La Fraudais

The time is near **when the oracle will not cease to warn**, for a few weeks, but **with a loud and raised voice,**

Il est proche le moment où l'oracle ne cessera de prévenir, pendant quelques semaines, mais d'une voix forte et relevée,

After a **lady has spoken for the people of Touraine, her voice changes. A piercing cry will escape.**

Après qu'une dame aura parlé pour les Tourangeaux, sa voix changera. Un cri perçant s'en échappera.

Sometimes there would be moments when Duniushka would be inspired to "speak." Then she would become transformed, in full view of everyone: she would appear to grow taller; **her cheeks would acquire a rosy hue; her voice would sound loud and self-assured; her eyes would gleam unnaturally, illumining her entire face.** At such times, she would be listened to with bated breath...

At first she would speak with a restrained voice, with only the expression on her face changing; **gradually, she would grow ecstatic and her voice would grow stronger**, as she no longer restrained it – and quickly, very quickly, as though afraid that she might be stopped, she would continue hastily:

☞ [Jun 30, 22] I have not seen who will accompany the Tzar, all I know is that the one that will is going to be his wife.

☞ [Sep 25, 22] She seems European or Russian. Age wise same age or just a little bit younger than him maybe 2-5 years difference. I cannot give more about her actual physical appearance, but I will say this: **she will do a lot of work for the children of Russia, especially orphans.** They have not yet met, I think they will meet when he will be in Russia.

☞ [Apr 5, 23] The Tsar and her will have 5-7 kids depending on certain factors, but if a certain thing does not occur. If it does occur she will be a mother to orphans instead and do a lot of work with orphans. If a certain event transpires during their life, she might not

be able to bear children due to it. So instead **they will adopt many children**, and it's interesting because I think the Tsar will do what the Romans emperors before Marcus Aurelius did.

Quran, Surah At-Takwir 81:4,8-9

“and when **pregnant camels are left untended**,”

“and when **baby girls, buried alive**, are asked for what crime they were put to death,”

[Quran] Surah Al-Hajj 22:1-2

O humanity! Fear your Lord, for **the violent quaking** at the Hour is surely a dreadful thing. The Day you see it, **every nursing mother will abandon what she is nursing**, and **every pregnant woman will deliver her burden prematurely**. And you will see people as if they were drunk, though they will not be drunk; but the torment of Allah is terribly severe.

[Hadith] Al-Adab Al-Mufrad 758

Abu'l-Haytham said, "Some people came to 'Uqba ibn 'Amir and said, 'We have some neighbours who drink (wine) and behave incorrectly. Shall we bring them before the ruler?' 'No,' he replied, 'I heard the Messenger of Allah, may Allah bless him and grant him peace, say, 'Whoever sees [[recognizes](#)] the fault of a Muslim **and then veils it, it is as if he brought girls buried alive back to life** from her grave.'"

Rasputin: «Царственное сердце у ней было и царственный ум. Она показала, что спасать нужно не нас — это не нужно. А юность. Ангельскую душу, когда вся она еще в парении к Небу, видит его и ангелов раскрытыми. Нас же враг одолевает. Каждого одолевает, и отбиваться от него редко кто может. Не у всякого — сила. Помогать нужно друг другу отбить нечистого от самой колыбели. Радостно, что видишь такую заботу около чужих и неизвестных детей.» [Empress Catherine]
She had a royal heart and a royal mind. She **showed that it is not us who need saving** - that is not necessary. **But youth**. An angelic soul, when it is still soaring to Heaven, sees it and the angels revealed. But the enemy overcomes us. He overcomes everyone, and few can fight him off. Not everyone has the strength. We need to help each other to fight off the unclean one from the cradle. **It is joyful to see such care for strange and unknown children.**

Rasputin: «Нужно устроить несколько воспитательных домов наподобие петербургского и в других местах. Два святых убежища, пусть даже великолепных и богатых, на всю Империю... Мало. Поучительно, но для избранных немногих.

Великую жатву любви нельзя собирать в далекие житницы. Из-за этого пропадает множество всходов, гибнут души, которые сохранились бы на украшенные потомства. Подумать, самые здоровые дети рождаются от скрытой любви и потому сильной. Открытое — обыкновенно. Открыто чувствуешь нехотя, рождаешь слабо.»

It is necessary to establish several orphanages similar to the one in St. Petersburg and in other places. Two holy refuges, even if magnificent and rich, for the whole Empire... Not enough. Instructive, but for the chosen few. **The great harvest of love cannot be gathered in distant granaries.** Because of this, many shoots are lost, souls perish that would have been preserved for adorned offspring. Just think, the healthiest children are born from hidden love and therefore strong. Open - ordinary. Openly you feel reluctantly, you give birth weakly.

[Quran] Surah An-Nur 24:61

No blame is there upon the blind, nor in one born lame, nor in one afflicted with illness.

Rasputin: «Величие и слава государства строятся крепостью духа, любовью к детям, детству. Стройте скорее и больше подобных приютов ангельских. В них нет греха, они не за грех. Грех гнездится в порицании необыкновенного, вот когда отметают чужую душу и тело за то, что они необыкновенны. А мы боимся этого. Почему боимся — когда нужно радоваться и возносить хвалу Творцу и Создателю жизни и всего живущего?»

The **greatness and glory of the state** are built by the strength of a spirit, love for children and childhood. Build faster and more such angel refuges. There is no sin in them, they are not for sin. **Sin is in blaming the unusual, when someone's soul and body are rejected because they are unusual.** But we are afraid of this. **Why should we be afraid when we must rejoice** and lift up praise to the Creator and the Maker of everything? Life of Apollonius

At this place they say that they also fell in with a woman who was black from her head to her bosom, but was altogether white from her bosom down to her feet; and the rest of the party **fled from her believing her to be a monster, but he clasped the woman by the hand and understood what she was;** for in fact such a woman in India is consecrated to Aphrodite, and a woman is born piebald in honor of this goddess, just as is Apis among the Egyptians.

[Hadith] Mishkat al-Masabih 1494-1495

Abu Bakra said that **when anything** came to God's Messenger which **caused pleasure** (or, by which he was made glad), he **prostrated himself in gratitude** to God most high. Abu Ja'far said the Prophet **saw a dwarf and prostrated himself.**

History of Rome

These were all regarded as horrid and monstrous products of a **Nature which had gone astray** to produce strange and hybrid growths; **hermaphrodites** were looked upon as of **especially evil omen** and were ordered to be at once carried out to sea just as quite recently in the consulships of C. Claudius and M. Nero similar ill-omened births had been disposed of.

Francis Bacon -

New Organon

'We must put together an accumulation or **particular natural history** of all the monsters and prodigious births of nature; and **then of everything in nature** that is novel, **rare or unusual**', where nature '**strays and turns aside from her ordinary course**', [on the grounds that thus we might better understand nature's ordinary processes.]

Peter I's book collection also reflected his **passion for all things unusual**: Peter I's library had a book by a German author about strange phenomena, from the bizarre appearance of people to the flight of comets. He also had the most detailed astrological calendar by the Dane Tycho Brahe, with the astronomer's personal notes.

Natural History

Pompey the Great among the decorations of his theatre **placed images of celebrated marvels**, made with special elaboration for the purpose by the talent of eminent artists;

King Alexander the Great **being fired with a desire to know the natures of animals** and having delegated the pursuit of this study to Aristotle as a man of supreme eminence in every branch of science, orders were given to some thousands of persons throughout the whole of Asia and Greece, all those who made their living by hunting, fowling, and

fishing and those who were in charge of warrens, herds, apiaries, fishponds and aviaries, to obey his instructions, **so that he might not fail to be informed about any creature born anywhere**. His enquiries addressed to those persons resulted in the composition of his famous works on zoology, in nearly 50 volumes.
