

Rigord of St. Dennis -

First, a **most wise man** will arise from the east, **versed in secret wisdom**, that is, in **wisdom which is beyond man...** and he will **not pride himself** with being counted among the prophets...

Thirdly, will rise up **another man** who will say that he is a prophet. **He will hold a book in his hand** and say that he was sent by God and by His prophets. And with his teachings he will **cause many nations to go astray**, and will **seduce even more**. But that which he will prophesy will **come upon his own head**. And he, too, **will not live long**.

[Pope] John XXIII / Pier Carpi -

[German.] *Hier ist das verfluchte Buch, geschrieben von dem, der sich selbst und seine Rasse haßte. Hier ist das Buch der Lüge, des Hasses, des Abschaums. Wegen seiner Worte werden Unzählige sterben, ohne zu verstehen, ohne den wahren Autor zu kennen. Weil er lange tot ist, und wer ihn gefunden hat, sich versteckt.*

Commentary by Pier Carpi (journalist):

The text is all too clear. He speaks of a book in which a new ideology or - but this is an incidental hypothesis - an old theory is offered in a new guise. It will find many followers and the world will split because of the ideas contained in this cursed book. The Prophet gives us an understanding that these ideas, designed for the conquest of entire peoples, will provoke divisions, wars, ideological and social conflicts for seventy years. And unfortunately, humanity, which had since refused to use the weapons, will again produce new weapons.

Seventy years of war and pain because of a book that was written long ago, and that was found again by someone who will never betray his name, but spreads the ideas of this cursed book.

"The earth and its love will fall down." Perhaps this is the synthesis of the book, whose theses call into question all scientific, social and political concepts. His ideas will sow hatred between the nations, but also between the individual people.

The concept of love will also be questioned, contested and rejected by some. If one takes into account other sentences of this prophecy, one might assume that the book gives a strongly individualistic impetus, so many people will retreat into themselves"), which can mobilize irrational forces.

A quarter of humanity is seduced and enslaved by the followers of this book. After seventy years, however, his ideas are exposed and found to be false. Nevertheless, as the prophecy says, until the end of all time there will always be a human gift, more widely adhering to these ideas. Unfortunately, because of this book and its theories, mankind will suffer not only wars and hatred but also hardship, even "hell on earth," even though the book promises paradise.

Here is the cursed book written by him who **hated himself and his race**. Here is the Book of Lies, Hatred, Scum/Dregs. **Because of his words**, countless people will die without understanding, without knowing the true author. Because he's long dead and whoever found him is hiding.

Daniil Andreev -

The Rose of the World: ГЛАВА 4. КНЯЗЬ ТЬМЫ

Немало найдётся таких предтеч, но, кажется, крупнейшим из них намечается создатель такой культурно-исторической и социально-нравственной доктрины, которая сконцентрирует внимание именно на том факте:

There will be no lack of such precursors. Yet, the greatest of them is going to be **the founder of such a cultural-historical and social-ethical doctrine** which will **focus attention** on the following:

что при наличии множества свобод человечество всё ещё остаётся якобы рабом сексуальной ограниченности, рабом ложного стыда, предрассудков и старомодных норм, — норм, поддерживаемых и Розою Мира, и всем устаревшим общественным укладом.

that despite and in the presence of many freedoms, humanity supposedly still remains a slave of sexual limitation, a slave of false shame, prejudice and old-fashioned norms - norms supported by the Rose of the World, and all “outdated” social order.

[Pope] John XXIII / Pier Carpi -

Hier ist das Buch, das den Haß erregt, das die Menschen teilt. Wieviel Böses wird es tun, wieviele Schmerzen wird es bringen, wieviele Kriege. Wegen dieses Buches werden neue Waffen hergestellt und so viele Menschen werden sich in sich selbst verkriechen.

Here is the book that arouses the hatred that people share. How much evil it will do, how much pain it will bring, how many wars! **Because of this book, new [psychic?] weapons are made** and **so many people will retreat into themselves [their minds]**.

Daniil Andreev -

The Rose of the World

The resulting drop in moral consciousness **naturally leads to people focusing their efforts on their own salvation**, while their active commitment to social compassion and the enlightenment of the world atrophies.

[Seer] John of Jerusalem -

Men will have at last opened their eyes

They will **no longer be locked up inside their heads or in their cities**

They will see and hear each other from one point of the earth to another
They will know that **whatever strikes one of them hurts the others.**

Tom Brown, Jr. -

Awakening Spirits, p.g. 99

Grandfather said, "Man is like an island, a circle within circles. Man is separated from these outer circles by his mind, his beliefs, and the limitations put upon him by a life away from the Earth. The circle of man, the island of self, is the place of logic, the ego, and the physical self. That is the island that man has chosen to live within today, and in doing so **he has created a prison for himself**. The walls of the island prison are thick, made up of doubts, logic, and lack of belief. **His isolation from his greater circles of self is suffocating** and prevents him from seeing life clearly and purely. It is a world of ignorance where flesh is the only reality, the only god."

John of Jerusalem -

Man will know what **the spirit of all things** is

The stone or the water, the body of the animal or the gaze of others

He will have pierced the secrets that the ancient Gods possessed

And he will open door after door in the labyrinth of the new life.

Tom Brown, Jr. -

The Journey, p.g. 227

Grandfather said "To run away is to be responsible, for to run is not to know love. To not know love is to not know **the spirit-that-moves-through-all-things**. **When one part of that spirit** is lost, hurt, sick, or searching, **the whole is affected.**"

Paul M. Vest -

Earth's people are **woefully emotionally immature** and their prison-like three-dimensional world is preponderantly false, as compared to reality.

Men's minds are crystallized in error and filled with violent prejudices.

Upon your earth the mere color of one's skin – a slight difference of religious belief – merely belonging to a different race or country – in fact, the most trivial deviations precipitate animalistic belligerencies, (warlike?), hideous brutalities and the bloody slaughter of millions of fellow creatures.

Howard Menger -

One reason is that from the very beginning of history anyone, or any group or nation, who has attempted a sincere move toward living in a peaceful coexistence with others has failed **because one side or the other has reached a point** where jealousy, greed, resentment, or misunderstanding has come between their difference of color, race or creed. This has usually ended in hatred. Sometimes it has **resulted in physical as well as mental pain**— in torture, murder—and then we must have our wars, whereby we attempt to solve the unaccepted differences with force.

Paul M. Vest -

Can you then truly be surprised when I tell you that the beings of certain other worlds view earth as **earthlings might look upon a [den/hole] of deadly serpents, stinging each other to death**? Much of that stinging is done with words, attitudes, discriminations, intolerances and a host of other **lethal psychic weapons**.

Origen - In the next place, ridiculing after his usual style the race of Jews and Christians, [Celsus] compares them all "to a flight of bats or to a swarm of ants issuing out of their nest, or to frogs holding council in a marsh, or to worms crawling together in the corner of a dunghill, and quarrelling with one another..."

Daniil Andreev - The Semitic attitude to nature has, generally speaking, been **marked by a poverty of feeling**.

[Pope] John XXIII / Pier Carpi -

[German.]

Hier ist die Wahrheit, sie wird in die Parks gerufen, auf die Plätze. Dies ist die reine Wahrheit. Die Erde und ihre Liebe werden niederstürzen. Siebzig Jahre wird das Buch in einem Viertel der Welt triumphieren, Heerführer hervorbringen, Völker knechten. Und die Menschen werden Haß und Elend säen.

Der Stolz, der Traum vom Stolz, das neue Paradies. Die Hölle auf Erden.

Zwischen den Kriegen wird jemand von Liebe reden. Aber auch besiegt, gefälscht, entlarvt wird das Buch immer einige Anhänger finden, bis ans Ende aller Zeiten.

[English.]

"Here's the truth, it's being proclaimed in the parks, in the squares. This is the pure truth." The earth and its love will fall down. **For seventy years**, the book will triumph in a quarter of the world, **bring forth military leaders**, enslave peoples. And men will **sow hatred and misery**. The pride, the dream of pride, the new paradise. Hell on earth. Between the wars, someone will speak about love. But even defeated, **found to be fraudulent**, the book will **always find some followers**, until the end of all time.

Daniil Andreev -

The Rose of the World

It appears to me that **the book by this thinker** will be the very "Open Path", about which Vladimir Solovyov said to have been penned by the antichrist himself. No: a **brilliant**, the **most charming and wittiest of Frenchmen**, **this precursor** will be an **icon** of his generation. **Dimly** will **this bearer of a dark mission** realize whom he serves and paves the way for. Despite all his intellectual genius, his **mystical mind will be shut tight**.

Friederike Hauffe -

Seeress of Prevorst

A **sinful and worldly-minded man** may shine on earth by the strength of his intellect; but **his spirit is only the weaker and darker**, and **wholly lost to its inner-life**. And thus also it arises that, in the kingdom of spirits, such a one is much lower than his arrogant and lying soul caused him to appear in the intellectual kingdom.

Daniil Andreev -

The Rose of the World

"So, when **the long-awaited liberator** appears, the **French thinker** will be so much astounded with his superhuman grandeur that he will exclaim gleefully and exultantly: "*Here's the one whom the world is waiting for, whom I have been talking about all along!*" – Only much later, when the newcomer has reached the fullness of his power and showed his true colors, his **precursor will commit suicide**. True, he will be a **genius** thinker. Yet, the one for whom he is going to blaze the trail, will view him just as an underling.

On Suicide:

Vladimir Solovyov -

Suicides also **involuntarily prove that life has a meaning**, for their despair is due to the fact that **life does not fulfill their arbitrary and contradictory demands**. These demands could only be fulfilled if life were devoid of meaning; the non-fulfillment proves that life has a meaning which these persons, **owing to their irrationality, do not wish to know** (instances: Romeo, Cleopatra).

[Python of the Rhine, Seeress] Buchela -

Ich aber sage euch, p.g. 51

Only those who always believe themselves to be down on their luck and never count on happiness will **carelessly pass by the provided strands and fail to perceive them in their dull senses**. For them, it always remains dark because they **don't expect** the light and **do not want to see it**.

Nur diejenigen, die sich immer auf der Schattenseite glauben und nie mit Glück rechnen, werden an den angebotenen Strähnen achtlos vorbeigehen und sie in ihrem trüben Sinn nicht wahrnehmen. Für sie bleibt es immer dunkel, weil sie das Licht nicht erwarten und nicht sehen wollen.

Letters from a Living Dead Man by Elsa Barker

Karma is an iron law, yes; but **you are the creator of karma. Above all things, don't expect—which is to demand—unconsciousness and annihilation**. You cannot destroy the unit of force which you are, but you can by self-suggestion put it to sleep for ages. Go out of life with the **determination to retain consciousness**, and you will retain it.

Philippe Nizier -

Tout ce que nous pouvons faire pour éviter un malheur est impuissant, rien ne peut l'empêcher. Celui qui se suicide pour mettre fin à ses malheurs se trompe car il lui faudra revenir expier sa faute et remplacer le temps abrégé. Il ne faut pas lui jeter la pierre car on ne sait pas qu'elle était sa souffrance.

Anything we can do to avoid misfortune is powerless; nothing can prevent it. Those who commit suicide to put an end to their misfortunes are mistaken, for they will have to come back to atone for their mistake, to replace the time they have shortened. We

shouldn't blame them because we don't know what [the extent of] their suffering was."

Letters from a Living Dead Man by Elsa Barker

I can only say with regard to suicide, that **if men knew what awaits** those who go out by their own hand, **they would remain with the evil that they know**. I am sorry I cannot tell you more about this, for it would interest you.

Philippe Nizier -

Les suicidés souffrent le temps qu'aurait duré leur vie normale. Beaucoup de suicides ne sont que le châtement fatal d'êtres qui ont commis un assassinat et à qui il est ainsi donné de payer leur dette.

Suicide victims suffer for as long as their normal lives would have lasted. Many suicides are simply the **fatal punishment** of beings who have committed murder, and are thus given the opportunity to pay their debt.

Daniil Andreev -

The Rose of the World

Of course, even the times of his absolute tyranny will see many of those, whose inner being will revolt against what the antichrist will be turning human life into... Suicides will skyrocket. It must be said, however, **that the karmic consequences of suicide will be different then**: from the standpoint of the otherworldly journey of the soul, even **voluntarily taking one's own life will be a lesser evil** than obedience to the antichrist and marring the name of humanity. However great the number of suicides, these will make up a minority.

[Python of the Rhine, Seeress] Buchela -

Ich aber sage euch, p.g. 51

Believe a little in your happiness and it will come. Glaubte ein wenig an euer Glück, und es wird kommen. Because **you will only see it through your faith**. Weil ihr es erst durch euren Glauben seht. I am obliged to tell you this. Not as the Buchela, **but as an instrument**. Ich bin verpflichtet, euch das zu sagen. Nicht als die Buchela, sondern als Werkzeug.
